

R'CLUB CHILD CARE, INC. TRAINING DEPARTMENT PRESENTS

Solo is a No Go When You're Part of a Team (Team Building)

Come learn the stages of team formation, your role in the formation, and to appreciate the value of others.

Many have heard the acronym for "TEAM": Together Everyone Achieves More. However, there are times when it feels more like **TEAM...Together Everything's A Mess!** Whether you've selected the team you're on, or you're placed on a team, there's bound to be growing pains as everyone gets to know more about each other. During this workshop, we will explore Bruce Tuckman's Stages of Team Formation, discover what stage you're currently in, and demonstrate activities that will open your eyes to the value each team member possesses within your organization. Working with children is a rewarding, but sometimes challenging career path. Ensuring everyone is on the same page in the same book can minimize negative behaviors in the children (or adults) as well as maximize a supportive and fun environment that allows everyone to learn from each other.
